

April 2014 - Newsflash

PowerSoftMD has passed the first of 2 waves of **Meaningful Use Stage 2** Certification Testing, this included 22 different criteria. Our last wave of Certification Testing is scheduled for the end of May. If you would like to upgrade and begin using our new Meaningful Use Stage 2 software enhancements then please contact us and we can help you update your system.

ICD-10 Webinar was a Success

Remember even if ICD-10 is postponed, PowerSoftMD is completely ready now. If you missed our webinar you can watch the video from our web site. Go to www.powersoftmd.com then select the Webinar Videos Link on the top of the Home Page. So don't put it off again, get started moving to ICD-10 today, and take the long term pressure off.

Windows 8.1 – Tips & Tricks

Want your Windows 8 to start up directly on your Windows Desktop like your old Windows did.

It's easy-to-do, right click on the "Task Bar", select the "Properties" option, click the "Navigation" tab, under the heading "Start screen"; check the following 2 options:

When I Sign In or Close All Apps on a screen, go to the desktop instead of Start

Show my desktop background on Start
